2020 Donation Plans

100% of community donations are required to go back into the community.
Funds raised tonight will help build a NEW playground in Southside
St Petersburg PLUS fund our many "Hands On" community projects.

**We have SPONSORS that help foot the bill for the nights event,
but in order to make the event fun and memorable,
we need other contributors to step up and offer support.**

Donation Suggestions

- Promote Your Business - Let everyone know that you are a business that gives back to the community** We will create an ad for the program based on the size of your donation. Your gift can be generic or self-promoting. A "Service" or Gift Basket is a great item for the "Silent Auction". Multiple small gifts spread the exposure with inclusion to our popular "Balloon Bags". Branded clothing items are always popular.
- Give Personally - Join the list of concerned citizens - be counted!** Contribute items to the "Silent Auction" knowing that 100% of the proceeds from sales of Silent Auction items goes back into the community by way of our many projects. Perhaps you have some collectibles items that now need a new home. Extra sports tickets? Art work? Jewelry? It's all good Receipts issued on request.
- Encourage Others to Give - Sometimes it is the atmosphere that creates a "Giving" night** Buy tickets and come "Dressed in Character" - Donate something that can be experienced by event goers such as a case of wine, tasty food items, floral arrangements for the seating tables.
- Offer an Experience - Experiences may be more memorable than "Stuff"** The psychology of giving is complex. A potential donor may be more willing to contribute if a memorable experience is involved. Riding in a race car, lunch with a celebrity, boat rides, hot air ballon rides, Wine Tasting parties, vacation get-aways - How creative can you be??
